1. Parking to be made available for 1x Van next to venue. Any necessary permits for parking to be pre-obtained. If we are unable to park next to the venue or there are any other restrictions, please let the tour manager know before the day.
2. 2 x crew to be available for loading the backline and extra production into the venue at 2pm. This will enable our crew to have everything programmed and ready for a soundcheck at 4pm. 2 x crew also to be available at the end of the show for loading out the backline and extra production. If there are a number of stairs to be climbed for the load in, then the crew needs to be extended to 4.
3. One dressing room is needed with power and lights + one production office with telephone and broadband.
4. Space to be made available in a good position within the auditorium, to enable the artist to sell his merchandise, at no cost to the artist. Under NO circumstances should any unauthorised Andrew Strong merchandise be sold in the auditorium.
5. 7 x large towels to be provided for stage and 10 x 500ml bottles of natural spring water (no Gas) for use at showtime.
6. When doors open, security to be provided at stage, dressing room and F.O.H. areas.
7. Catering: On page 3.
Dinner is normally served at 18:00hrs if doors are at 19:00hrs, however all times to be adjusted to accommodate official show times.
8. 1 x 3x2x1m high Riser for the drums to be provided on stage.
9. The PA should be of good quality, well maintained and ready for use on the bands arrival. It should be easily capable of 110dB at the desk without clipping and before limiting.
10. The following pages contain our technical and dressing room requirements. We have tried to keep our Rider as basic as possible, if you have cause to be unable to meet some of the points, please can you inform the Tour Manager before arrival.

place, date, signature
